**MEMORANDUM FOR: DEPUTY UNDER SECRETARY - ADMINISTRATION
DEPARTMENT OF STATE**

THRU: SPECIAL ASSISTANT, INTELLIGENCE

SUBJECT: Munitions Information Liaison

1. Informal discussions between Mr. John C. Elliott, Chief of the Munitions Division of your office, and [REDACTED] Chief of Procurement for CIA, have indicated that there is available in the Munitions Division a considerable amount of information of great potential value to certain of our procurement problems. Also our plans contemplate action which will require the assistance of the Munitions Division on export and import licenses for arms, munitions and explosives.

25X1A

2. We therefore wish to establish direct administrative liaison between our Procurement Office and the Munitions Division in the Department of State.

3. The Chief of Procurement for CIA, or his designee, will be authorized to consult with the Chief of the Munitions Division, or his designee, on procurement matters coming within their fields of mutual interest, and to make official request for special arrangements for clearance on import and export problems.

4. Please acknowledge if this is satisfactory to you.
